

AHMED EHAB MOKHTAR

Front-End / Full-Stack React Developer

✉ ahehmokh@gmail.com | ☎ 01067387852 | 📍 Cairo, Egypt

📁 GitHub: github.com/ahehmokh | 🌐 Portfolio: portfolio1998.vercel.app

CAREER OBJECTIVE

Computer Engineering graduate and passionate Front-End / Full-Stack React Developer with strong knowledge of React.js, Next.js, JavaScript, Node.js, Express.js, SQL, MongoDB, and asynchronous JavaScript. Experienced in building responsive and user-friendly web applications, integrating REST APIs, managing application state, and developing full-stack projects. Eager to join a dynamic development team and contribute to real-world projects while continuously improving technical skills.

TECHNICAL SKILLS

Front-End Development:

React.js, React Hooks, Functional Components, Next.js, JavaScript (ES6+), Asynchronous JavaScript, Promises, Async/Await, Fetch API, Axios, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design

State Management:

Redux, Redux Toolkit, Context API

Back-End Development:

Node.js, Express.js, RESTful APIs, Authentication & Authorization, Socket.io, JSON Server

Database Management:

SQL, MongoDB, Database Design, CRUD Operations

Programming Languages:

JavaScript, C#, Python

Tools & Platforms:

Git, GitHub, VS Code, Postman, Vercel, npm, Figma

Soft Skills:

Problem Solving, Debugging, Fast Learning, Team Collaboration, Communication, Time Management

PROJECTS

E-Learning Platform

React.js, Node.js, SQL, MongoDB, Redux Toolkit

- Developed a full-stack e-learning platform with a responsive user interface for students and instructors.
- Implemented course management, enrollment, and learning-related functionality.
- Built reusable React components and managed application state using Redux Toolkit.

- Integrated frontend functionality with backend APIs and database systems.

Personal Portfolio Website

React.js, Tailwind CSS, Framer Motion, Vercel

- Built and deployed a responsive personal portfolio website to showcase technical skills, projects, experience, and education.
- Designed a modern cinematic interface with smooth animations and responsive layouts.
- Implemented interactive project filtering and reusable React components.
- Deployed the application using Vercel and optimized the interface for desktop and mobile devices.

Live Portfolio: portfolio1998.vercel.app

Task Management App

React.js, JavaScript, REST API

- Built a task management application for creating, organizing, and managing tasks.
- Implemented task categories, priorities, descriptions, and completion status.
- Integrated asynchronous API operations for adding, updating, and managing tasks.
- Designed a responsive interface with reusable React components and custom hooks.

Live Demo: taskmanagenetapp.vercel.app

Full E-Commerce Application

React.js, JavaScript, REST API

- Developed a responsive e-commerce application with product browsing and interactive shopping functionality.
- Implemented product data fetching and dynamic rendering using React.
- Built reusable components and managed application state across the application.
- Focused on responsive design and user-friendly navigation.

Memory Card Game

React.js, JavaScript, CSS

- Developed an interactive memory card game using React.
- Implemented game logic, state management, card selection, and matching functionality.
- Created a responsive interface with interactive user feedback.

Form Validation & Context API

React.js, Context API, JavaScript

- Built a job application form using React and Context API.
 - Implemented controlled form inputs and client-side validation.
 - Managed shared form state using Context API.
 - Created confirmation functionality after form submission.
-

WORK EXPERIENCE

Technical Advisor — Tier 1 Support

Concentrix | October 2025 – Present

- Assist customers with product inquiries, technical issues, and standard troubleshooting procedures.
 - Guide users through technical troubleshooting steps using clear written and verbal communication.
 - Document customer interactions, issue descriptions, and resolutions in internal systems.
 - Escalate unresolved technical issues and software-related cases to higher-tier support teams.
 - Work within established workflows and performance requirements while maintaining customer service quality.
-

EDUCATION

Bachelor's Degree in Computer Engineering

Modern Academy for Engineering & Technology

Graduation Year: 2025

Graduation Project: E-Learning Platform

- Developed a full-stack e-learning platform using React.js for the frontend, Node.js for the backend, and SQL for database management.
-

CERTIFICATIONS & TRAINING

- Web Design Training Program — National Telecommunication Institute (NTI)
- ALX Professional Foundations Certification — ALX
- React.js — The Complete Guide — Udemy
- Node.js & Express.js Fundamentals
- MongoDB Basics for Developers
- JavaScript Advanced Concepts

LANGUAGES

- **Arabic: Native**
- **English: Fluent**

INTERESTS

- **Web Development**
- **Game Development & C# Scripting**
- **UI/UX Design**
- **Open-Source Projects**
- **Learning Modern Web Technologies**
