PROFESSIONAL SUMMARY

Front-End Developer and Computer Engineering graduate with 3+ years of professional and freelance experience building responsive and user-friendly web applications. Strong experience with React.js, JavaScript, React Hooks, Redux Toolkit, REST APIs, and modern front-end development practices. Experienced in developing reusable components, managing application state, integrating APIs, debugging applications, and improving existing code. Familiar with Next.js, Node.js, Express.js, SQL, and MongoDB. Comfortable using AI-assisted development tools for coding, debugging, code review, and refactoring.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), React Hooks, JSX, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Design

State Management: Redux, Redux Toolkit, Context API

APIs & Backend: REST APIs, Fetch API, Axios, Node.js, Express.js, JSON Server, Socket.io

Databases: SQL, MongoDB, CRUD, Database Design

Development: Git, GitHub, npm, Postman, VS Code, Vercel, Figma

Additional: Debugging, Refactoring, Code Review, AI-Assisted Development

PROFESSIONAL EXPERIENCE

Front-End Developer — Technical Engineers

2023 – 2024

- **Developed responsive web interfaces using HTML, CSS, JavaScript, and React.js.**
- **Built reusable React components to improve maintainability and development efficiency.**
- **Implemented interactive UI features and client-side functionality using JavaScript and React.**
- **Integrated APIs and handled asynchronous data using Fetch/Axios, Promises, and Async/Await.**
- **Debugged application issues and improved existing front-end code.**
- **Collaborated on implementing user-focused and responsive web interfaces.**

Front-End Developer — Remini Egypt Group

2024 – 2025

- Developed and maintained responsive web applications using React.js and JavaScript.
- Built reusable components and implemented application features using React Hooks.
- Managed application state using Redux/Redux Toolkit and Context API.
- Integrated REST APIs and handled asynchronous application data.
- Implemented responsive layouts using modern CSS techniques and utility frameworks.
- Participated in debugging, code improvement, and feature development.

Freelance Front-End Developer

2024 – Present

- Build responsive web applications using React.js, JavaScript, Tailwind CSS, and REST APIs.
- Develop reusable components and maintain scalable front-end structures.
- Implement routing, forms, validation, API integration, and state management.
- Debug and refactor existing code to improve reliability and maintainability.
- Use Git/GitHub and modern AI-assisted development tools throughout the development workflow.

SELECTED PROJECTS

Full E-Commerce Application

React.js | JavaScript | REST API | React Router

- Developed a complete e-commerce front-end application.
- Implemented product browsing, product details, search, filtering, and shopping cart functionality.
- Used React Router for application navigation and reusable React components.
- Integrated external APIs for dynamic product data.

Live Demo: <https://full-ecommerce-app-nu.vercel.app/>

E-Learning Platform

React.js | Node.js | Express.js | SQL | MongoDB | Redux Toolkit

- Developed a full-stack e-learning platform as a graduation project.
- Built the front-end using React.js with reusable components and state management.
- Developed backend functionality using Node.js and Express.js.

- Integrated database functionality and CRUD operations.

Task Management Application

React.js | JavaScript | REST API

- Built a task management application with task creation, editing, deletion, and completion.
- Implemented API-based data handling and reusable React components.
- Developed a responsive interface focused on usability.

Live Demo: <https://taskmanagenetapp.vercel.app/>

Customer Experience Management Platform

React.js | Redux Toolkit | REST APIs | Tailwind CSS

- Developed a Sprinklr-inspired customer experience management interface.
- Implemented Dashboard, Inbox, Cases, Customers, Analytics, and Settings modules.
- Used Redux Toolkit for conversation and case state management.
- Implemented customer conversations, case handling, and agent workflows.

Personal Portfolio Website

React.js | Tailwind CSS | Framer Motion | Vercel

- Designed and developed a responsive personal portfolio showcasing development projects and technical skills.
- Implemented animated UI components and responsive layouts.
- Deployed the application using Vercel.

Portfolio: <https://portfolio1998-three.vercel.app/>

EDUCATION

Bachelor of Computer Engineering

Modern Academy for Engineering & Technology

Computer Engineering Department

Graduated: 2025

Graduation Project: Full-Stack E-Learning Platform — Excellent / A+

TRAINING & CERTIFICATIONS

- Web Design Training Program — National Telecommunication Institute (NTI)
- React.js – The Complete Guide — Udemy

- **Node.js & Express.js Fundamentals**
 - **MongoDB Basics for Developers**
 - **JavaScript Advanced Concepts**
 - **ALX Professional Foundations**
-

LANGUAGES

Arabic: Native

English: Fluent

CORE STRENGTHS

Problem Solving | Debugging | Code Review | Refactoring | Fast Learning | Team Collaboration | Communication | Adaptability
